This is a golden opportunity for doctors, nurses, the clergy, and anyone that wants to start their own business. You can work full or part time. Would you like to make a million a year? You can use your office or home.

Here's how it works. We train and help you to set up your own behavioral modification program. This is your program. You are not working for us. We give you the rights to use our copy written CD's & Lifestyle Analysis. You give the lifestyle analysis to your clients to fill out. They return it to you and you send it to our lab, similar to when a Dentist takes an impression and sends the mold to the Lab to have the teeth made. We evaluate your clients along with your recommendations and pinpoint the areas they need help in, and we select from our library of over 1400 different sessions (also available in Spanish). We customize a CD program that they can listen to at home. Again this is your business.

The regular cost of the program is \$2995.00. The customer can pay this in installments. However, the cost to the customer if they pay in full at the time of enrollment is \$1995.00. They save \$1,000.00. The cost that you pay us to fulfill the order is \$495.00. You make \$1,500.00 on a paid in full. Installment customers should put a minimum of \$495.00 down and set up monthly payments of whatever they can afford. Their balance will be \$2,500.00 and that's all your money. You have your own finance department. You charge no interest or carrying charges. They just don't get the thousand dollar discount. Most people pay in full with their credit cards to get the discount. We then make up the sessions and send them back to you to give to your customer. This is a turnkey operation. Because of the economy people need us more than ever before.

This is your business. You collect the money, keep your records, and send us only the mind lab fee. You make over 80% on an installment account. If you send a referral in to us and we sell the program, there is no commission because that would be considered a kickback.

We are only going to give this opportunity to a few people in each state. We will require character references with no felony convictions. You will be an independent distributor representing a program that started in 1952 that has consistently maintained a good reputation. We are only selecting people that we feel qualify to carry on our tradition.

We give you the rights to use our photographs and stories of success. Our Phoenix office does 2 million dollars a year and helps thousands at the same time. When this new program gets off the ground, together we'll be able to help people worldwide.

Sam's program is designed to help people who really care about the young kids, adults, and Veterans that are suffering with obesity, depression, pain, diabetes, and post traumatic stress. This Program has proven to be successful for over 50 years. With 32 years at the same location and thousands of testimonials of results after other modalities of treatments failed.

Now you have the opportunity to be an independent distributor of Sam Meranto's organization. Again this will be your business, all checks will be made out to your company name, and you set up a bookkeeping system to collect payments for the people paying you in installments.

You will receive 2 round trip tickets to Phoenix, AZ from anywhere in the U.S.A. if you're from another country we will reimburse a percentage of your airfare. You will also receive a 4 day stay at a 5 star Hotel, lunches and dinners included. You'll have a chance to meet the founder, Sam Meranto, receive special training classes to teach how to sell this program, and given DVD's to take home to reinforce your training. Just think you can start your own Behavior Modification Business, where you send the evaluation to us, we make up the sessions and ship them directly to you so you can give them to your client.

There will only be a small cost for setup fees, printing and customizing a CD and Video with your name on them. This will give you the use of our copy written material and CD's. Just think you're setup in your own business for only \$19,995.00. This covers the cost of the supplies and the TV production, where we introduce you as an independent distributor in your area. Plus this includes the course to help motivate you and maybe there are some areas of your life you would like to work on. Once you see the changes in yourself, you'll be able to sell this program. We even have sessions on sales motivation. A lot of our members are millionaires today, because of this training.

You will need a DVD player with DVDs that you play to the customer, where Sam will help you sell the program with testimonials. The TV production with you in it will be done at our own studio, this alone would cost you thousands of dollars, and it's included to help you get started.

Keep records of all your earnings and expenses; you are responsible for your taxes for the money you earned less expenses. The CD's are given to the client free and they only pay to have the evaluation done, which is a service, there should be no sales tax. If you are interested contact us and let us know something about your background to see if you qualify for this opportunity. Sam's office is located at 4440 E. Indian School in Phoenix 85018. Or call Sam at 602-509-3984 or toll free @(800)-580-5080.

Maybe you would like to try the program yourself first. You can download the evaluation from your computer. For security reasons mail it back to us with a check for \$1,995.00. If you decide to start your own business we will reimburse the full amount back to you.
